Experience

Senior lead product designer | **M2P Fintech**

Chennai & Hyderabad, IN (Feb 2021 – Current)

Major Projects:

- Recon 360 – Defined product structure and led UX research, helping secure 20+ clients pre-launch
- M2P Connect – Led fintech API automation and naming research for strategic branding, reducing go-live time by 75% and driving key positioning decisions
- Alfardan’s Alpha Pay – Designed a remittance application that surpassed 100K downloads
- M2P Brand Research – Analyzed color perception across diverse demographics for more effective visual branding
- Quik Wallet – Conducted in-depth research to finalize the name for a digital payment app

Other major Projects like Turing 4.0, Wadiaa, Wand, Idflow.

Junior UI designer | **Xseed Education**

Chennai, IN | Feb 2020 – Feb 2021

Projects worked on:

- Xseed Super Teacher App – Worked as part of the design team on an app that gained over 100,000 downloads
- Daily Lessons Author Web Portal – Helped design the platform for educators to create and manage daily lessons

Design intern | **Report Bee**

Chennai, IN | August 2019 – Feb 2020

I had the chance to work alongside Jack, the Founder of Madrasters, as a paid intern. This experience provided:

- Valuable insights into product team dynamics
- Hands-on learning that contributed to my professional growth

Graphic design lead | **TEDx SriSairamIT 2018**

Chennai, IN | August 2019 – Feb 2020

- Graphic design volunteer in College, and this was the first team that changed my career from software engineer to designer. It was a completely professional team.

Education

B.Tech Information technology 2015 –2019

I did my B.tech IT at Sri Sairam Institute Of Technology, Chennai and scored a CGPA of 6.62.

Higher Secondary 2013 –2015

I did my Higher secondary at Madras Christian College higher secondary school and scored percentage of 72.8.
